

WILL RUSH FORDNEY EMERGENCY TARIFF

MEASURE WILL BE SAME AS THE ONE VETOED BY WILSON

This Program is Said to Meet With the Approval of President Harding—Committee Also is in Complete Harmony—Harding Suggests Emergency Agricultural Measure

(By The Associated Press)
WASHINGTON, March 21.—The Fordney emergency tariff bill precisely as vetoed by former President Wilson will be rushed thru congress as the first important legislation of the extra session.

According to the request of President Harding for passage of a measure designed to help the farmers, asking for protection against foreign competition Republican members of the house ways and means committee turned about today and voted to revive the Fordney bill after agreeing almost unanimously a week ago not to consider any emergency legislation ahead of a permanent tariff and revenue revision.

Senators Penrose, Smoot and McCumber, conferees from the senate finance committee, agreed to the new program which, it was explained, meets the approval of the president. Senator Penrose expressed the belief that the emergency measure would be with Mr. Harding by April 21.

Several members of the house committee conferred with Senator Penrose, who heads the senate finance committee, after the former committee had reached its agreement. From this conference came the prediction that the measure would be rushed thru the house under a special rule and thru the senate possibly under limitation of debate as enforced by cloture.

The new bill will be presented with a six months' limitation, but its provisions will expire at an earlier date, should the permanent bill be enacted before expiration of the six months' period.

Committee in Harmony
The house ways and means committee, apparently was in the utmost harmony. Calling in newspapermen at the close of the session, Chairman Fordney set forth the final program, with everybody expressing approval.

After disposing of the emergency measure in the first few days of the extra session, the house will take up and pass the anti-dumping bill, which will be followed by the allied measure fixing an American value on goods which must pay ad valorem duty.

Then will come the permanent tariff, which Republican leaders hope will be broad enough to satisfy all interests in all sections demanding an upward revision. The actual work of framing it will begin tomorrow.

While the house is at work on the tariff the senate finance committee will consider revenue revision and its printed hearing will be available to the ways and means committee, which will write the bill. In this way Mr. Fordney predicted congress would work at high speed, in the hope of earning a summer recess. The house would be considering revenue while the tariff was still before the senate.

President Steps In
The president stepped into the fight when he telephoned Mr. Fordney, suggesting that an emergency agricultural measure be enacted in advance of tariff or revenue legislation, and while there had been some indication of his attitude, the proposal took the committee off its feet.

There were rumblings of discontent, especially among western members, who objected to a idea of going before congress a second time this year to ask for a special bill. The president asked that senate Republicans be sounded on the subject.

The cabinet had expected to take up the tariff revenue tangle at its meeting tomorrow, but in view of the sudden agreement by senate and house leaders, the question may not be discussed.

When the house meets, April 1, there will be three bills awaiting action, emergency tariff, anti-dumping and American valuation. How soon thereafter the permanent measure might be ready, members declined to say.

ITALIAN OFFICIALS
SEARCHING LUGGAGE
ROME, March 21.—Italian officials continued their examination today of the twenty-four boxes of baggage belonging to the Russian commercial delegates which have been held up at a station cloak room. Withdrawal of the baggage was refused recently.

Today's search revealed an additional amount of gold rubles, several brilliants, a pearl necklace consisting of eight three pearls, with a clasp of emeralds, Persian carpets, importation of which into Italy is forbidden, and red guard uniforms.

ANGLO-RUSSIAN AGREEMENT IS IMPORTANT ONE

Many Believe May Result in Bringing Better Government

MUCH DISCONTENT
PREVAILS IN RUSSIA

(By The Associated Press)
LONDON, March 21.—The Anglo-Russian agreement carried thru by Premier Lloyd George and Sir Robert Horne, president of the board of trade in the face of determined opposition, is generally regarded as more important from its political than its economic implications, inasmuch as, altho it does not recognize the soviet government diplomatically it is nevertheless tantamount to recognition of the soviet government and is most likely to be followed by a political treaty.

Moreover, while the agreement does not establish friendly relations, it at least stabilizes non-hostile relations.

Its strongest advocates, while not ignoring its economic importance and desirability as promoting trade, have usually asserted more could be accomplished in freeing the soviet regime from its most objectionable features by opening Russia to intercourse with the world than could be achieved by a policy of isolation and antagonism.

Uprising Shows Discontent
The recent uprisings at Kronstadt is regarded here as symptomatic of the discontent of large classes of the Russian population especially the peasants with the dictatorial methods of the soviet administration.

This discontent only became apparent because Russia after several years of military struggle against forces within and without experiencing an area of comparative peace and allowing the ferment of nature's political forces to assert itself. It is argued that the ferment will probably bring about the evolution of a more democratic form of government.

From this viewpoint the opening of Russia to foreign influences is a matter of first class importance. It has been stated here that some agreement with Roumania is likely to be concluded. Both Turkish and Polish treaties provide for further negotiations for mutual economic and trading relations. Italy has always been known as in favor of trading with Germany and Russian and Italian representatives actually supported Mr. Lloyd George in his successful efforts to induce the supreme council to consent to the policy of opening trade relations with Russia. Italy, by trading with Germany and Russia rather than with England and America would have the benefit of lower exchange.

France still stands aloof so far as any official approach to the soviet government is concerned. Her enormous holding of Russian bonds stands in the way of such approach.

WILL ASK WOMEN TO EXPRESS THEIR VIEWS

(By The Associated Press)
CHICAGO, March 21.—Women of Chicago will be invited to express their view on bills proposing that the stage legislature legalize boxing at the hearing Friday of the house sub-committee of the legislature.

The sub-committee is charged with merging the features of proposed measures and reporting back a bill which will satisfy as nearly as possible the desires of all factions in boxing.

Mrs. Marshal Field III, who recently conducted a charity wrestling match here, will be asked to speak.

Alderman John Lyle spoke at today's meeting in favor of a ten rounds no-decision bill.

WEATHER REPORT

Illinois.—Fair in north, cloudy in south portion Tuesday; somewhat warmer in west portion; Wednesday unsettled and warmer.

Temperatures

The current, maximum and minimum temperatures as recorded Monday were:

Winnipeg	42 52 22

WOMAN LAWYER DEFENDS WOMAN ON TRIAL FOR MURDER
Miss Theresa B. Dubin who has the distinction of being the first woman lawyer in the history of N. Y. courts to appear as attorney for another woman, Mrs. Massella, insert, charged with murder. Miss Dubin is 27 years old and has been practicing for about a year. Her client is about forty and the mother of five children.

PROHIBITION HAS BROUGHT LOTS OF BOOZE BEVERAGES

Has Caused Pharmaceutical Manufacturers Lots of Trouble

THIRSTY MEN
CAUSE MOST TROUBLE

(By The Associated Press)
WASHINGTON, March 21.—Prohibition has brought in its wake hundreds of mushroom business establishments engaged solely in "the making of booze beverages" speakers declared at a conference here today of pharmaceutical manufacturers and manufacturing chemists called to discuss the prohibition law and regulations as they affect the manufacture of medicines containing the alcohol.

Speakers also charged that activities of manufacturers who catered to the medicine trade had compelled prohibition enforcement officials to brand all pharmaceutical manufacturers as potential criminals.

The conference invited Commissioner Kramer to attend tomorrow's session that he might hear their ideas and plans.

Criticize Volstead Act.
There was some criticism of the Volstead act but it did not go far. The position of manufacturers, as stated by their chairman, W. J. Woodruff, of Detroit, was that they desired only to have an understanding with the prohibition officers.

Dr. Harvey W. Wiley, former chief chemist, one of the speakers, told the manufacturers that their troubles all were founded on the person with a thirst and that their future service to their country would be governed by that knowledge.

"I'll tell you," Dr. Wiley said, "a thirsty man and a crooked druggist is a pretty bad combination. You produce a concoction because you believe it has medicinal value. But some of the druggists, into whose hands that concoction may not have come sense of justice. And the fellow with the thirst comes in. That completes the case."

ALLEGED KIDNAPERS ARE HELD FOR TRIAL

(By The Associated Press)
SEDALIA, Mo., March 21.—J. I. Wilkerson and T. E. Ward, two of the three men accused of participation in the alleged kidnapping of C. I. Bennington, city attorney here, were held for trial at the conclusion of their preliminary hearing. John Snodgrass, the third man was released.

Bennington tells of being forcibly thrown into a taxi-cab, dragged and taken out of town, where an affidavit he had secured in regard to gambling in Sedalia was taken from him. The White Circle, a secret society of business men and church people, has been active in prosecuting the case and hired special counsel to aid the attorney.

RUSSIAN TRADE POLITICAL MORE THAN ECONOMICAL

This is Opinion Expressed by Secretary Herbert Hoover

CAN BE NO RETURN
TO PRODUCTION

(By The Associated Press)
WASHINGTON, March 21.—Trade with Russia is more a political than an economical question, as long as Russia is controlled by the Bolsheviks, Secretary Hoover declared today in a statement discussing the problem of resumption of trade relations with Russia.

"Under their economic system," Mr. Hoover said, "there can be no real return to production in Russia and therefore Russia will have no considerable commodities to export and consequently no great ability to obtain imports."

"The whole question, from a trade point of view, develops into furnishing commodities equal to the gold, platinum and jewelry, variously estimated from \$50,000,000 to \$200,000,000, in the hands of the Bolshevik government and after that has been expended there can be little expectation of continued trade."

ENGINEER LONG IS BLAMED FOR WRECK

Interstate Commerce Commission's Bureau of Safety So Decides in Its Investigation of Michigan Central Wreck.

(By The Associated Press)
WASHINGTON, March 21.—Failure of Engineer Long, of the Michigan Central train, to observe and obey certain signals was responsible for the recent Porter, Ind., wreck, in which 37 persons were killed and 27 injured, the interstate commerce commission's bureau of safety reported today.

A contributing cause of the wreck, the bureau's report added, was the failure of Fireman Block, also of the Michigan Central train, to observe properly the signal indication at the crossing where the wreck occurred and to convey the correct information to Engineer Long.

"This accident," the bureau declared, "again calls attention to the necessity for an automatic train control device, to be used in connection with existing signal equipment, for the purpose of automatically controlling the speed of a train in case the engineer for any reason fails properly to observe signal indications and to operate his train accordingly."

CHAUNCEY H. WOOD CHOSEN AT QUINCY

Quincy, Ill., March 21.—Chauncey H. Wood, of this city, was unanimously endorsed by the Adams county Republican committee as the party's choice for the nomination as supreme court judge from the fourth judicial district this afternoon.

UPPER SILESIAN PLEBISCITE MAY CAUSE AN APPEAL

Polish Officials Indicate This Will be Done

QUESTION IS ONE OF
WORLD IMPORTANCE

(By The Associated Press)
WASHINGTON, March 21.—Polish officials expressed opinion today that from the result of the Upper Silesian plebiscite should the official count be confirmatory of the German victory unofficially reported today. They are without any official news of the decision.

Should an appeal be made to the league, it was said, an impartial tribunal might be asked to review the plebiscite. In such a case, it was suggested that a representative of the United States might be asked to serve in the Aland Island dispute.

It became known today that last November request was made of the state department by the Polish government for the appointment of an American who would observe the alleged illegal methods which it was charged Germany was resorting to in order to further her designs on the territory.

In a note of November 8 the attention of the government was called by Poland to the powerful means of resistance and defense to defeat the purpose of the plebiscite, which the German government was organizing.

Is of World Importance.
"It is of the utmost value," it was further represented, that the United States should realize how important looms before the world at present the question whether upper Silesia will be allowed to remain attached to Germany.

"On that question hinges entirely the future of German militarism, for without Silesia, Germany is sure never to be able to undertake her revenge."

In a December note the Polish government furnished the state department with documentary evidence of the alleged abuses which it was claimed the German government was practicing in the effort to bring about a vote favorable to Germany in the plebiscite.

CHINESE MINISTER OF EDUCATION RESIGNS

(By The Associated Press)
PEKING, March 21.—Minister of Education Fan Yuan-Tien has tendered his resignation as a result of a strike of teachers and administrative officials in all the eight higher institutions of learning here.

The strike was called primarily because of four months, arrears in salary. The teachers and the students who have joined in the strike, have addressed a concerted protest against the sequestration of funds by individual revenue producing ministries.

Eight hundred teachers and six thousand students are affected. The strikers also protested against the launching of new educational enterprises among the railway employees while the existing schools are being forced to close thru lack of funds.

ESCH WILL BE GIVEN RECESS APPOINTMENT

Washington, March 21.—Former Representative Esch, of Wisconsin, will be given a recess appointment, probably within a few days, as member of the interstate commerce commission, it was stated today at the White House.

President Harding sent Mr. Esch's nomination to the senate at the recent special session, but Senator LaFollette, of Wisconsin, objected, and the senate adjourned without acting on the nomination.

FORMER SENATORS FILE BRIEF

Washington, March 21.—Former Senators Smith, of Georgia, and Gore, of Oklahoma, filed today with the supreme court a brief as "friends of the court" in the so-called corporate bond case, opposing the contention of the government that any increase in the value of a capital investment may be taxed as income.

BRIGADIER GENERAL ATTERBURY WAXES WARM UNDER COLLAR

Says That National Rules Constitute Dog Collar Around the Neck of the Railroads—Board Must Cut the Collar for the Roads to Function Properly—Question is Serious

(By The Associated Press)
CHICAGO, Ill., March 21.—Brigadier General W. W. Atterbury, vice president of the Pennsylvania railroad and former chairman of the railway executives' labor committee took an emphatic stand against national agreements which he termed "proliferate of misunderstandings," in a heated all day cross-examination before the railroad labor board today.

Questioning by F. P. Walsh, union counsel, brought vigorous replies from General Atterbury and often he replied by cross-examining Mr. Walsh. Charges that the union leaders did not really represent the employees and that national rules were used to procure employment for more men and extract money from the railroads on technicalities were hurled.

The gist of General Atterbury's testimony today may be summarized as follows:

Rules should be negotiated between officers of the road and their own employees across the conference table "like a game of poker."

The eight-hour day could not be universally applied to all employees, especially train service men, "because the Lord didn't build the railroads that way."

Establishment of the hourly basis of shop work has destroyed the energy and initiative of shop employees and the abolition of piece-work would be the most dreadful thing that could happen to railroad employees.

National rules constitute a "dog collar" around the neck of the railroads, who would be free to negotiate their own rules with their own employees, the minute the board cuts the dog collar.

The reference to the dog collar was taken, General Atterbury explained, from a cartoon in a union bulletin. He exhibited the cartoon, which showed a small dog, labelled "railroads," with a collar labelled "national agreements," and led by labor. The dog was made to say, "the collar doesn't fit," and the caption said, "but we'll make it fit."

Two charges against railroad officials were laid down by the general. He declared that altho the national agreements had the object of employing more men, he was "a better friend of my men than any union men at this table."

Mr. Walsh asked whether General Atterbury represented the section hands of his road.

"No; but you do not. Those men are not represented here," General Atterbury replied.

Shortly afterward General Atterbury demanded that the rules be interpreted clearly and words defined. Mr. Walsh said he thought the ordinary meaning of words applied. This brought a quick retort from the witness.

"Yes, but when it comes to devising means and methods of getting money out of a rule, you gentlemen are the most expert of any I know."

General Atterbury maintained that no set of rules could be negotiated which would have a national application and declared "the only satisfactory way of agreeing on rules was by direct conference between the officers who would apply the rules and the employees whom they would affect."

General Atterbury read a statement earlier in the day which declared the American people had thought "the parting of the ways." "No more serious question confronts us today," he said, "One road leads to government ownership, nationalization, Plumb planism and syndicalism—the other road to industrial peace and the continuation of that individual initiative energy and responsibility which is peculiarly American."

The eight-hour day on one road in "national agreements," on the other roads negotiate direct with your employees."

General Atterbury declared he had no fight with organized labor as such. He enumerated six points which, he said, the employee had a right to expect and the employer should provide: as steady employment as possible; a good wage; time for recreation; opportunity to elevate himself in his employment; a choice in determining the rules and regulations under which he worked; the right to be, or not to be, a union man.

To apply these principles, he declared, the "dog collar" of national agreements must be removed.

Russel Arundel, who is a student at the University of Illinois is spending the Easter vacation at the home of his parents on North Fayette street.

Industry and organized labor are watching the result of the conference for its effect on similar agreements now in operation in other industries.

State Auditor Andrew Russell, in an interview, called attention to the fact that there has not been a single failure of a state bank since January 1, when the new banking department law went into effect. Mr. Russell further says that the state banks are in good condition, and he ought to know, for the 1,400 in Illinois are entirely under his authority. With the banks in good condition there should be no trouble about business generally.

Morgan county Republicans went on record yesterday as favoring the nomination of a full Republican judicial ticket in this district. Republicans in some other counties talk about favoring a bipartisan alliance, but with the memory of last November's election still lingering the local G. O. P. men see no reason why more than one Republican should not be elected to the bench in this district.

The question of public improvements is just about the biggest one that faces every administration, and it is seldom, indeed, that strenuous objections are not raised when the paving of a street is proposed. But the protest against the College avenue improvement is even more vigorous than usual, and when it comes to figures to prove the high cost of paving the property owners have a strong argument. Since the

present board of public improvements has always taken into account the wishes of the majority, it is safe to predict that the proposed improvement of College avenue will be postponed.

WOULD MAKE STRONG OFFICIAL

Edward Clifford, known to so many Jacksonville people, is now accounted the leading candidate for appointment as commissioner of internal revenue of the United States. Mr. Clifford has the backing of both Illinois senators and no doubt that of Secretary of War Weeks, who has long been his personal friend. There are, of course, other applicants for this very important position, but Mr. Clifford is very much in the running.

A T. R. BRAND

Unwittingly paying tribute to a Republican administration, the Charlotte, North Carolina, "Observer" comments upon the fact that President Harding appointed as Assistant Secretary of State Henry P. Fletcher, who had served as Ambassador to Mexico under President Wilson. Says the "Observer": "It may be regarded as another evidence of President Wilson's capacity for selecting competent men." But the truth is that President Roosevelt was the man who first recognized the ability of Mr. Fletcher and appointed him to the diplomatic service, where he remained through the Taft administration and through the Wilson administration, until he resigned as a protest against the Wilson policies in Mexico. Since the "Observer" sets Mr. Fletcher down as a "competent man," what conclusion is to be drawn from his repudiation of Wilsonian policies?

TAX PROBLEM URGENT

Tax law revision has repeatedly been referred to as one of the most urgent questions for the

consideration of the next congress. The weekly Henry Claws interview has the following comment:

"The tax problem has assumed an even greater urgency than heretofore. Notwithstanding the various deductions permitted as a result of 1920 losses the payment of the first instalment of income and excess profits taxes which fell due March 15 has again emphasized the extraordinarily oppressive character of the tax and its unfair application to business. The crucial problem at the present time is to find adequate substitute for it. Adoption of the sales tax is a proposal which has received an increasing amount of support, but there is certainly no indication thus far of the probable policy of the administration, though it does not now seem likely to adopt the plan suggested by Secretary Houston which contemplated an undistributed profits tax and an extension of luxury taxes."

THE LAW'S DELAYS

On December 14, 1919, occurred two of the most brutal murders in the history of the city of Washington. About six o'clock in the evening one John McHenry walked into the store of a dealer in automobile accessories, pointed a pistol at the proprietor and ordered him to throw up his hands. He delayed an instant in complying and was shot to death. An employee of the store was nearby and witnessed the shooting. The youthful desperado walked from the place, and the police were notified. About an hour later he was seen by a detective at the railway station, buying a ticket, preparatory to leaving the city. The detective placed a hand on the man's arm, whereupon he whirled about and shot the officer dead. There were numerous witnesses to the second murder, and the murderer was immediately captured.

The double crime was committed over fifteen months ago, but the criminal still awaits punishment. He confessed, eye witnesses testified to his guilt, and not a shred of doubt exists that McHenry committed two first degree murders. Yet the case has dragged along from month to month, and the end is not in sight. The case is pending before the court of appeals, and it is said that punishment will be postponed for several more weeks because attorneys have not completed certain papers for presentation to the court.

Chicken Pie Supper, Central Christian church, tonight 5:30 to 7. Special music. Tickets 75c. Benefit pipe organ fund.

Washington, March 21.—During the first year of national prohibition, Malaga, Spain, shipped to the United States five times the total amount of wine sent here in the ten preceding years, American Consul Smith says, in a report received today by the department of commerce. The total of wine exports to America in 1920 exceeded 475,000 gallons, the consul says, and was shipped under permits for non-beverage purposes.

Deaths

Lewis

W. L. Lewis, died recently at Jacksonville, according to a message received here by his daughter, Mrs. Ben T. Scott. Mr. Lewis was years ago a resident of Scott county. He was a soldier in the War of the Rebellion and well remembered by a number of veterans resident here. The deceased was 86 years of age. Death was sudden, as he was in the act of writing a letter to his daughter when the summons came.

Morrissey

The death of Michael Morrissey, long a resident of Jacksonville, took place at 11 o'clock Sunday night at St. Saviour's hospital, as the result of paralysis. The remains were taken to the undertaking rooms of John H. O'Donnell and made ready for burial. Mr. Morrissey was born in County Tipperary, sixty-eight years ago, and came to this country as a young man, having been a resident here for fifty years.

The deceased leaves two brothers, Patrick of New Berlin, and John, of Peoria, and two sisters, Mrs. Thomas Cody, of New Berlin, and Mrs. Mary James, of Farlington, Kans. He was a member of the Church of Our Savior and held in high esteem by those who knew him well. The funeral will be held this morning at 10 o'clock at the Church of Our Savior.

EAST STATE STREET GOES TO NEW OWNERS

Property of Abraham P. Smith Estate Purchased By Andre and Andre—Building Is in Fine Condition—Present Lease Runs to 1922.

The record showed yesterday the completion of another important real estate transaction, the Abraham P. Smith estate, consisting of 214-216 East State street becoming the property of Messrs. Andre and Andre. This building has for some time been occupied by the Emporium and the lease runs to next January. Andre and Andre have the rooms they are occupying on the north side of the square leased for a two year period and consequently no plans at all have been made for the possible removal of the big Andre furniture store to the East State street building.

The deed by which the property is transferred to Harry M. and G. B. Andre was signed by Mrs. Ophelia Galbraith, Robert Galbraith, Mrs. Mollie S. Price, Chester Hemphill, Mrs. Jeanette Hemphill, Little S. Byrns, Frank Byrns and Katie S. Byrns as trustees.

The building is one of the best and largest in Jacksonville and has a frontage of 44 feet and depth of 120 feet 6 inches. In addition there is a 10 foot strip extending from the north end of the building east to the alley. The three story building has a total floor space of 12,724 feet and the deep basement, fullyconcreted, gives additional floor space of 5,800 feet available for storage. Between the first and second floor there is a spacious balcony which is usable for offices or display purposes. The equipment of the building includes an electrically operated Otis elevator.

The late Abraham Smith originally owned this building together with the two buildings next east. The architect was the late I. C. Coleman and the builder was John Wolke. No expense was spared in its erection and the greatest care was taken in the choice of materials and in the manner of workmanship. An indicated, the building was erected in the most substantial way and repairs have been made so consistently that today the new owners have taken it over in excellent condition.

The first tenant was the Johnson Furniture Co. Then for several years Hood and Larson were the lessees and still later the Galbraith Furniture Co., used the building. For the past six or seven years it has been the home of the Emporium, of which Mr. Goldstein is the present proprietor. The purchase price was not mentioned in the deed, but it is known that the transfer is one of the largest recorded in city real estate for a considerable period.

MATRIMONIAL

Smith-Malone

Jesse S. Smith of 353 West Morgan street and Miss Anna M. Malone of 293 Chambers street, were married recently by Justice J. A. Crum at his home on West North street. The young people are well and favorably known in this city. They will make their home on West Morgan street.

Sieber-Wheeler

The marriage of Oliver Sieber of Chapin and Miss Cora Wheeler of Canton, Mo., was solemnized at noon Saturday, the ceremony being performed by Judge E. Hunt at his office in Hannibal, Mo. Late in the afternoon the bride and groom journeyed to Chapin, and an elegant wedding dinner was served in their honor Sunday at the home of the groom's parents.

Both Mr. and Mrs. Sieber are well known in Morgan county, the former having been for some time employed on the farm of Arthur Acom. Their friends unite in wishing them a happy and prosperous wedded life.

Mack Sheppard of Murrayville, who is a breeder of Shorthorn cattle, sold one of the animals to York Brothers of this city Saturday.

ASSIGNMENTS MADE FOR D. A. R. DELEGATES

Hospitality Committee Has Arranged for Entertainment of All Visitors in Homes of D. A. R. Members.

The following assignments of delegates to the D. A. R. have been made by the hospitality committee of which Mrs. C. F. Ehnie is chairman:

Mrs. P. Arnold, Stockton; Mrs. W. H. Stull, 1058 West State street.

Mrs. W. S. Austin, Chicago, Mrs. C. A. Johnson Lockwood Place

Mrs. Ball, Clinton; Miss Epler, 1106 West State street; Mrs. Frank Bahnsen, Rock Island; Miss Elie Trabee, Mound avenue; Mrs. E. C. Baldwin, Urbana; Mrs. A. L. Adams, 871 West College avenue; Mrs. S. S. Baker, Chicago; Dunlap Hotel.

Mrs. C. M. Brown, Joliet; Mrs. Ensey Moore, 856 West State Street; Mrs. Frank J. Bowman, Sterling, Ill.; Mrs. T. M. Tomlinson, Lockwood Place, Miss Clara V. Braidon, Rochelle, Mrs. Frank Dawson, 839 West North street. Mrs. William G. Bale, Galena; Mrs. R. W. Woolston, School for Blind, Mrs. C. M. Bills, Geneseo; Mrs. Frank Dawson, 839 West North street; Mrs. Ida M. Barnum, Morrison, Mrs. W. H. Stull, 1058 West State street.

Miss Mary A. Baird, Decatur, Mrs. J. R. Davis, 252 Webster avenue

Mrs. W. T. Block, Chicago, Pacific Hotel.

Mrs. Eugene Chubbuck, Peoria, Miss Fairbank, Duncan Place.

Mrs. Rebecca Carpenter, LaGrange, Mrs. Julius Strawn 1200 West College avenue.

Mrs. D. S. Conley, Streator, Mrs. O. F. Buffe, 1054 West Lafayette avenue.

Mrs. G. L. Cragg, Chicago, Mrs. Julius Strawn.

Mrs. G. W. Crawford, Anna, Mrs. J. W. Walton, 839 West State street.

Mrs. P. L. Chapman, Vienna, Woman's College East State street.

Mrs. G. W. Craig, Lewiston, Mrs. W. H. Stull, 1058 West State street.

Mrs. W. B. Collins, Lincoln, Miss Frances Wood, 605 Jordan street.

Miss Jennie Corbin, Galesburg, Douglas Hotel.

Mrs. Walter Dakin, Elgin; Mrs. D. J. Dums, Elgin, Mrs. H. A. Chapin, 1130 Mound avenue.

Mrs. C. E. Davidson, Greenville, Mrs. J. M. Miller, 760 W. North street.

Mrs. W. J. Davidson, Evans, Mrs. Frank Strawn, West State street.

Mrs. Joe Deal, Lincoln, Mrs. C. F. Ehnie, 739 West State street.

Mrs. R. C. Downer, Rochelle, Mrs. Frank Dawson, 839 West North street.

Mrs. Myrtle Dixon, Roseville, Dunlap hotel.

Mrs. H. J. Eaton, Quincy, Mrs. W. T. Wilson, 1312 West State street.

Mrs. H. C. Ellis, Chicago, Mrs. Barr Brown, 857 West State street.

Mrs. H. C. Ettinger, Springfield, Mrs. Frank Caldwell, 316 West College avenue.

Mrs. William Evers, Quincy, Mrs. Minnie Cleary, 121 Sandusky street.

Mrs. E. R. Everett, Galesburg, Dunlap hotel.

Miss L. Evans, Moline, Dunlap hotel.

Adeline Glenn Ferris, Carthage, Douglas hotel.

Mrs. T. O. Fisk, Aurora, Mrs. C. F. Ehnie, 739 West State street.

Mrs. Charles Foulke, Macomb, Mrs. Elmer Henderson, 138 Sandusky street.

Mrs. Catherine Green, Hoopston, Miss Florence Ward, 1025 West College avenue.

Mrs. F. R. Green, Chicago, Mrs. Miller Weir, 632 West State street.

Mrs. Nelson Green, Moline, Mrs. E. E. Crabtree, 605 West State street.

Mrs. F. J. Graves, Abington, Mrs. Robert Woolston, Blind Institution.

Mrs. George P. Guernsey, Washington, D. C., Pacific hotel.

Mrs. H. H. Hanley, Monmouth, Miss Epler, 1106 West State street.

Mrs. Margaret Hadley, Cambridge, Miss Lorene Ward, 1025 West College avenue.

Mrs. B. P. Hill, Freeport, Mrs. C. A. Barnes, 843 West State street.

Mrs. Catlin Hannum, Downers Grove, Mrs. Sarah McCoy Miller, Westminster street.

Mrs. C. B. Harrison, Belleville, Mrs. W. T. Wilson, 1312 West State street.

Mrs. F. M. Hopkins, Chicago, Mrs. C. A. Johnson, Lockwood Place.

Mrs. William Hedges, Chicago, Mrs. C. N. Priest, 1205 West State street.

Mrs. Howard Knowles, Galesburg, Douglas Hotel.

Mrs. Nevin Lescher, Galesburg, Miss Trabee, 1605 Mound avenue.

RETURNS FROM SOUTH.

Mrs. Sarah Riddle, who has been spending the winter months at Citronelle, Ala., has returned to her home in Jacksonville. Mrs. Riddle has been in the south for a period of four months.

NO COUNCIL MEETING TONIGHT.

No meeting of the city council was held Monday evening. When the hour came for holding the meeting the clerk called the roll and no quorum was present. Unless a special call is issued there probably will be no meeting until next Monday evening.

There will be an old fashioned spelling school at the Baptist Chapel on Ashland Ave., tonight at 7:30. The school session will be followed by a pie social. The proceeds of the social to be used in some needed repairs at the chapel.

CONWAY TEARLE

The New Selznick Star and Actor of Experience, in

The Road of Ambition

Bill Matthews, played by Conway Tearle, is an ambitious laborer in the steel mills of Bethlehem. His greatest ambition is to perfect a process by which waste steel might be utilized. Through perseverance and hard work he finally realizes his ambitions, and becomes a great factor in the steel world. He is hampered, however, by his poor education, and he hires a woman of one of society's foremost families, in need of money, to help him acquire the polish and veneer of the well-bred, which he finds so essential. She tries to force him into a marriage with her, but this fails, and he marries the girl of his choice. She, however, does not love her handsome husband, but simply marries him to save her father from financial ruin. She quickly realizes in him the true nobility and goodness of his character, and learns to love him.

An inspiring story of romance and determination. A play that will send you home with renewed vigor to go forth and battle with the problems of life.

Complete Line of the

New Suitings

For Spring

—Our advice is to make selection of pattern, or weave, as early as possible and while our new stock is complete.

—Owing to prices continuing rather high on the newly manufactured woolens, it is not probable that we shall buy again this season, hence our advice to make selections early for spring and summer suits.

—While a tailored suit may seem a little high on the first cost, remember its advantages—made as you would have it, and lasting longer and looking better while lasting than can be possible with the factory made garment.

—You have style and individuality in the custom made garment.

MATRIMONIAL
Smith-Malone

Jesse S. Smith of 353 West Morgan street and Miss Anna M. Malone of 293 Chambers street, were married recently by Justice J. A. Crum at his home on West North street. The young people are well and favorably known in this city. They will make their home on West Morgan street.

Sieber-Wheeler

The marriage of Oliver Sieber of Chapin and Miss Cora Wheeler of Canton, Mo., was solemnized at noon Saturday, the ceremony being performed by Judge E. Hunt at his office in Hannibal, Mo. Late in the afternoon the bride and groom journeyed to Chapin, and an elegant wedding dinner was served in their honor Sunday at the home of the groom's parents.

Both Mr. and Mrs. Sieber are well known in Morgan county, the former having been for some time employed on the farm of Arthur Acom. Their friends unite in wishing them a happy and prosperous wedded life.

Mack Sheppard of Murrayville, who is a breeder of Shorthorn cattle, sold one of the animals to York Brothers of this city Saturday.

WEDDING ANNIVERSARY

FITTINGLY OBSERVED

Mr. and Mrs. John H. Ommen

celebrated their twenty-fifth

wedding anniversary Friday at

their beautiful new home six

miles northwest of Chapin. The

guests assembled shortly before

6 o'clock and at that hour Mr.

and Mrs. Ommen, attended by H.

Ommen and Mrs. H. H. Wes-

tler, who were the wedding

couples, entered the parlor to

the strains of Lohengrin's wed-

ding march, played by Alvin Wes-

tler of Arenzville.

Standing beneath a bower of

green and white, the bride and

groom of a quarter of a century,

heard an impressive "sermon"

by Rev. Sieving in which they

were reminded of the many rich

blessings they have received as

they journeyed thru life to-

gether.

Following the congratulations

of the guests Mr. and Mrs. Om-

men led the way to the dining

room, where a bountiful supper

was served, the waitresses being

Misses Edna Lovkamp, Lydia

Tholen, Mildred Shumaker and

Edna Ommen.

The house was tastefully de-

corated for the occasion, white and

green being the predominating

color tones. Mr. and Mrs. Om-

men were the recipients of a most

magnificent array of silverware,

showing the esteem in which

they are held by their friends.

The evening was spent with

games, music and conversation,

one feature being an old-fashion-

ed charity pulled off by some

of the guests. The guests de-

parted at a late hour, wishing

their host and hostess many more

years of happiness.

The company included:

Rev. and Mrs. Sieving and fam-

ily, Mr. and Mrs. John H. Om-

men and daughter, Ella, Mrs. Ja-

cob H. Ommen, Mrs. Hannah

Tholen and daughter, Lydia, Mr.

and Mrs. Herman P. Ommen,

Mr. and Mrs. Herman H. Wes-

tler, and family, Mr. and Mrs. Henry

Depper, Mr. and Mrs. R. J. Om-

men and son, Melvin, Mr. and

Mrs. Theo. Tappenbeck and son,

Wilbur, Mr. and Mrs. G. A.

Brookhouse and daughter, Edna,

Mr. and Mrs. H. C. Ommen and

son, Henry Wayne, Mr. and Mrs.

Hy Hemmingsham, Mr. and Mrs.

A. H. Shoemaker and family,

Mr. and Mrs. Walter Tholen and

daughter, Doris, Mr. and Mrs.

Fred Nergenh and son, Paul,

Mr. and Mrs. R. B. Ommen and

son, Marlin, Mr. and Mrs. Arthur

Brookhouse and family, Mr. and

Mrs. H. Detmer and family, Mr.

and Mrs. George Tholen and son,

Harold, Miss Edna Lovkamp,

Mr. Andy Detmer and Mr. Fred

Meyer.

SPEAKING ABOUT CANDY

MERRIGAN'S

THE MIKADO COMING

NEXT SATURDAY

The revival of the prettiest

and most pleasing comic opera

ever written by Gilbert and Sul-

livan, "The Mikado," which

comes to the Grand theatre, Sat-

urday, March 26th is a triumph

for Ralph Dunbar, the producer.

The opera, with its scenes laid

in beautiful Japan, is produced

with minute attention for detail,

which characterizes all of the

Dunbar attractions. It is per-

fect in cast, scenic effects, cost-

uming in properties.

The Dunbar in the theatrical

world is like that of Tiffany on

silver. It means something. Mr.

Dunbar personally selected the

voices that sing the various well

known roles in "The Mikado," he

supervised the weeks of rehears-

als, spent long hours with his de-

signers over the costumes and

conferred daily with his artists

until he was assured that the nu-

merous scenic presentations were

absolutely complete. In conse-

quence he is bringing to this city

an operatic offering that is vo-

cally and mechanically the very

best attraction of the present sea-

son.

That the local engagement will

be a successful one is attested by

the numerous requests for seat

reservations that have rolled into

the office of Manager Eschbach

of the Grand Theatre during the

past week. Extra help has been

placed in the box office to handle

the really wonderful advance

sale.

COLLEGE OF MUSIC

NOTES

A musical event of interest was the vespers services given at Music Hall Sunday afternoon by the Madrigal club and members of the faculty. There was a spirit of reverence and an air of dignity and calm serenity about the performance throughout.

Mr. Henry Ward Pearson opened the program with a group of four Lenten and Easter organ numbers. His interpretation was very artistic and each number was made colorful and interest- ing thru clever registration. The mood of each was clearly con- veyed to the audience.

Mrs. Marguerite Pammer For- rest sang Bach's lovely "My Heart Ever Faithful," with smooth le- gato and beautiful phrasing. Her enunciation is always distinct and in the florid passages one caught glimpses of the coloratura technique she possesses. Miss Larimore played the organ accompaniment.

Miss Jeanette Powell read a scene from Mackane's play, "Jeanne d'Arc." She chose the prison scene just preceding the execution of Frances great mar- tyr wherein Joan's doubts flee and she again sees her heavenly visions. Miss Powell had caught the spirit of the scene and ef- fectually communicated it to the audience.

Miss Beatrice Horsburgh pre- sented two violin numbers, "Dreaming," Noble, and "Prize Song," Wagner, with delicacy, refinement and that certain technical neatness which is so characteristic of her.

The climax of the afternoon, however was the "Agnus Dei" by Bizet sung by Mrs. Forrest, and the Madrigal club supported by violin, piano and organ. The chorus showed splendid training in the precision of attack and re- lease. The one quality, shading, and phrasing were especially pleasing. Mrs. Forrest's voice soared above the chorus to sur- prising volume and tone, in the beautiful solo. Miss Isabel Woodman, at the piano, played a colorful accompaniment, as did Miss Margaret Merker, at the piano. Miss Hersbrugh's violin obligato was an important and effective contribution to the whole.

It was a delightful afternoon and altho the audience in keep- ing with the spirit of the oc- casion, gave no audible mani- festation of its admiration and approval, the program was enjoyed none the less.

C. J. Weiss was a business visitor in the city, yesterday, from White Hall.

DECISION OF THE RAILWAY LABOR BOARD CHALLENGED

Receiver of A. B. & A. Says Road Unable to Pay Salaries

CLAIMS WAS WITHOUT THE JURISDICTION

(By The Associated Press)
CHICAGO, March 21.—Constitutionality of the railroad labor board's decision in the case of the Atlanta, Birmingham and Atlantic railroad was challenged today when the board received a brief filed by the road's receiver, B. L. Bugg, former president.

AN OLD FASHIONED HERBAL TONIC

Springfield, Ill.—"I consider that Dr. Pierce's Golden Medical Discovery has great healing and strength restoring qualities. I was stricken with measles and as is often the case with an adult, it went hard with me, my lungs were sore and I did not know what the consequence might be. I had heard of the 'Golden Medical Discovery' and believed it would bring me back to health again. After using one bottle all distress and soreness left me."—Chas. Hays, 2227 E. Capital St.

Dr. Pierce's Golden Medical Discovery, made from wild roots and herbs, and free from alcohol or narcotics. Is sold by all druggists. Send 10c to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for a trial package.—Adv.

STOP! LOOK! LISTEN!

8 Room Cottage For Sale

Large living room, hardwood floors and woodwork, pantry, kitchen, bedroom and bathroom down stairs. 3 rooms and hall upstairs. Large clothes closets. Concrete basement equipped. Lot 65 by 197 1/2 ft. \$7500.

240 Pine St.

The employees were represented at the hearing today by E. P. Curtis, vice-president of the Order of Railway Conductors, who defended their action in striking.

The receiver took the position that the board had ordered wages paid which the road was financially unable to pay and that since such a situation would have meant confiscation of the property such a ruling by the board was "repugnant to the fifth amendment to the constitution."

The receiver further argued that he was without the jurisdiction of the board because he was not a carrier at the time of the award and therefore not bound by the wage award of July, 1920. It was brought out that the wage reduction was put into effect despite the section of the Newlands act of July 15, 1913, regarding receiverships, which required a twenty day notice and a hearing prior to any cut in wages.

IS THERE NO WAY TO STOP THIS

ARDMORE, Okla., March 21.—Clara Smith Hamon today signed a contract with a motion picture company to produce pictures for the next two years, she announced tonight.

A reception was held for her tonight at the First Christian church where she was baptized yesterday.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, hollow cheeks, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

NORTHWESTERN EMPLOYEES ARE TO PRESENT FACTS

Officials Give Them Three Days to Make Their Reply

CONFERRED ON PROPOSED WAGE CUT

Chicago, March 21.—Officials of the Chicago & Northwestern railroad, who conferred today with representatives of their maintenance of way employees, normally totalling 10,000, announced tonight adjournment for three days to allow the employees' spokesmen time to prepare a statement of facts showing why present wages are low enough, as the labor representatives contended.

The road's organization of clerks was asked to send its spokesmen to meet the officials in a similar wage conference here in a few days.

Officials said their key to the new wage scale is found in the place of employment, the reductions proposed being in addition to pay for similar work in each locality, as well as in harmony with the estimated decline in living costs in that locality, when such is not reflected in the pay of similar workers.

It was indicated that the clerks would be asked wage reductions of from 20 to 25 per cent, the scale being fixed on the same basis as proposed for the maintenance of way men.

BETHLEHEM STEEL EARNINGS DECREASE

Gross Sales and Earnings Show Decrease of Over Seven Millions for 1920.

NEW YORK, March 21.—Gross sales and earnings of the Bethlehem Steel corporation for 1920 amounted to \$274,431,236, a decrease of \$7,210,671, according to the detailed report of the corporation issued today.

Total net earnings of \$36,351,554 showed a decrease of \$1,089,665, and net income for the year of \$14,458,836, or 5.27 per cent, was less by \$862,825.

Value of orders at the end of 1920 aggregated \$168,295,328, against \$204,118,387 in 1919 and \$53,304,118 in 1917, when the corporation business attained record heights. It was stated, however, that orders for new construction will keep the principal shipbuilding plants employed for the current year.

HIGH TEMPERATURES ON ATLANTIC COAST

WASHINGTON, March 21.—The beginning of spring today brought to the Atlantic coast region of the United States the highest temperatures ever recorded for March 21.

Washington led nearly a dozen cities in the coastal region with an official temperature of 89 and a street level temperature as measured by government thermometers of 99.

New York reported a record March 21 temperature of 80; Philadelphia 82; Boston 82; Hartford, Conn., 82; Baltimore 88; Raleigh 86.

Temperatures were reported tonight to be declining even faster than they went up, a cool wave having overspread the entire section of the country east of the Mississippi and even extending beyond the river as evidenced by snow in southwestern Kansas and freezing weather in Texas Panhandle. The weather in the opinion of weather bureau officials will not endanger fruit trees which have been brought to the blossoming or budding stage, by the abnormally warm weather of the last two weeks.

GENERAL WOOD IS NOMINATED

Philadelphia, March 21.—Major General Leonard Wood was nominated as the head of the University of Pennsylvania at the monthly meeting of the board of trustees. In accordance with the statutes of the University, General Wood's name cannot be voted upon until the next regular meeting of the trustees on April 18.

West Palm Beach, Fla., March 21.—Attempting a landing from too low an altitude Lee Rothbert of this city and J. H. Farlington of Saratoga N. Y., were killed here today their seaplane striking the earth within twenty feet of the water. Rothbert driving the plane became confused and lost control of the machine according to witnesses.

A NURSE'S ADVICE

Hopkinton, Ill.—"It is with pleasure that I recommend Dr. Pierce's medicines, especially the Favorite Prescription for women who are suffering or for prospective mothers, to build up the nervous system, have taken it myself as a tonic and it was very beneficial, and I have recommended it to my patients, many of whom have also been benefited. Dr. Pierce's medicines are worthy of all the praise I can give them. I put them ahead of all other ready-prepared medicines, knowing them to be pure and that they do not contain any injurious drug."—Mrs. Lydia Lowe, Box 65.—Adv.

London, March 21.—Abandonment of the summer grand opera season, which has been a part of London social set for a hundred years, appears certain this year, in view of the excessive cost and the difficulty of obtaining good singers. Adverse conditions in Europe, due largely to the war, says the Chronicle, have resulted in the migration of continental songsters to North and South America.

UPPER SILESIA MAY GO TO THE GERMANS

PARIS, March 21.—French official circles keen disappointment was expressed over reports received today for upper Silesia saying that Germany will retain the district as a result of Sunday's plebiscite, but the officials do not yet admit the area is lost to Poland.

It was said in the event of the majority of the vote being Germany, the territory probably would be divided, leaving to Poland those places which voted Polish.

Stress was placed by French officials on the agricultural vote which, it is hoped, will prove to be largely Polish, but it was conceded the towns had voted German.

ART MARCHES INTO COURT AND WINS

Architectural League Must Show Cause Why It Should Not Be Required to Place Statue the "Pagan," by Rumsey, on Exhibition.

NEW YORK, March 21.—Art marched into court today and won. Supreme Court Justice Newburger was asked to consider an application by Charles C. Rumsey, widely known sculptor, polo player and son-in-law of Mrs. E. H. Harriman, for an order directing the Architectural League of New York to show cause why it should not be required to place a statue by Rumsey (the "Pagan") on exhibition at its annual show in the Metropolitan Museum of Art next month. The court considered and issued the order.

The statue—a nude figure—has recently been the cause of much debate. According to Rumsey, his work was rejected by the league's committee of sculpture.

Rumsey sails tomorrow for England. Several well known artists have constituted themselves a committee to fight Rumsey's artistic battles while he is overseas.

J. M. Hulett, president of the Architectural League, announced tonight that Mr. Rumsey's statue was submitted to the league committee on sculpture thru a technicality which has since been removed, thereby assuring a place for "The Pagan" in this year's show.

ROCKY KANSAS WINS

BOUT WITH JACKSON

Is Given Decision Over Willie Jackson at End of Twelve Rounds—Forced Fighting Thru-out.

New York, March 21.—Rocky Kansas of Buffalo received the judges' decision over Willie Jackson of New York after a 12-round bout here tonight. Jackson weighed 132 1/2 and Kansas 133 1/2.

Kansas who came into prominence recently by knocking out Ritchie Mitchell of Milwaukee probably will be given a chance at Benny Leonard's title thru his victory tonight.

DEPARTMENT OF JUSTICE WILL TAKE HAND

Atlanta, Ga., March 21.—The department of justice will take a hand in the Atlanta, Birmingham & Atlantic railway wage hearing in federal district court here tomorrow to defend the constitutionality of the Newlands act. District Attorney Alexander announced to night. That portion of the law providing twenty days' notice before reduction of wages was attacked as unconstitutional in a brief filed on behalf of the Birmingham Trust & Savings company and Mr. Alexander announced that Attorney General Daugherty had instructed him to enter the case for the purpose of upholding the act.

JOHN MARSHALL SCHOOL IS BURNED

Norfolk, Va., March 21.—The John Marshall Public school, containing 28 dorms and valued at \$200,000, was destroyed by fire today at short time after the 1,000 pupils had been dismissed for the day. Only the teachers and few children were in the building and made their escape.

The boys are believed to be responsible for the fire and an investigation is being started to night.

SAYS BIG HUTCH

Los Angeles, Calif., March 21.—The state today closed its case against Everett A. (Big Hutch) Hutchings, charged with defrauding J. B. Norris, farmer of Decatur, Ill., of \$51,000 in a fake stock deal.

The prosecution called John Swanson, farmer of Holdridge, Neb., who testified Hutchings participated in a alleged fraudulent stock deal in which Swanson lost \$20,000.

LEGISLATURE IN BRIEF SESSION MONDAY

Springfield, Ill., March 21.—With Representative Randolph Boyd of Galva in the chair as speaker of the house of representatives held a brief session to night and advanced a number of bills to second reading. Administration forces in the senate expected to be without the leadership of Senator Richard J. Barr, who is ill in a Chicago hospital.

London, March 21.—Abandonment of the summer grand opera season, which has been a part of London social set for a hundred years, appears certain this year, in view of the excessive cost and the difficulty of obtaining good singers. Adverse conditions in Europe, due largely to the war, says the Chronicle, have resulted in the migration of continental songsters to North and South America.

DOUBLE TRAGEDY IS ENACTED IN ROCKFORD HOTEL

Soldier Shoots His Wife and Then Turns Weapon On Self

WIFE KILLED WHILE AT TELEPHONE

ROCKFORD, Ill., March 21.—While standing at the telephone talking to a man who had called her room in a local hotel early this evening, Mrs. Beulah Howard was shot and instantly killed by her husband, Corporal Charles N. Howard, 52nd Infantry, Comp. Grant, who was seated on the edge of the bed nearby and who then placed the gun to his right temple and fired a bullet thru his brain which resulted in his death about an hour later. The hotel clerk was "listening in" on the wire and heard the revolver shot. He notified the police and Police Sergeant Charles Manson and newspaper reporters broke down the door of the room to gain entrance.

The woman lay dead on the floor with the telephone receiver dangling against the wall and the husband lay in a pool of blood on the bed with an army automatic revolver by his side. He was rushed to the Rockford hospital in the police ambulance. It is believed that Mrs. Howard was formerly Miss Beulah Upton and is the daughter of Mrs. C. C. Upton, R. F. D. No. 3, Berkeley, Virginia, and a sister of the dead woman is believed to be Mrs. Mary Howard of New Bethlehem, Pa.

The couple were married in Indianapolis, Ind., Nov. 13, 1920, by Rev. Franklin Hoois, of the Methodist church, according to an authenticated copy of the marriage record found in the room, bearing the official seal of the county clerk.

During the war Mrs. Howard was stationed at the Great Lakes Naval Training station as a nurse.

CLEMENCEAU HOME FROM TRIP TO INDIA

(By The Associated Press)

TOULON, March 21.—Georges Clemenceau, France's war premier, radiant with health and in the brightest spirits returned today from India. He walked down the gangplank of the Steamer Ormonde with a step like that of a young man.

Exchanging greetings with Andre Tardieu and his family, M. Clemenceau said:

"I am happy. All I have to say is embodied in this single sentence—'France lives! everywhere I have experienced it, wherever I went.'"

He showed a touch of emotion when he spoke, but was soon the irrepressible old statesman for almost immediately he resumed his customary bantering tone.

M. Clemenceau enjoyed fine weather throughout the voyage. Except last night between Corsica and the mainland when a heavy gale was encountered which the ship weathered gallantly.

An ill advised correspondent made mention of the Upper Silesian plebiscite and M. Clemenceau gave him a withering look.

"Don't talk to me about politics or I shall go right back to India," he snapped.

BUT ONE CHANGE IN BOWLING LEADERS

(By The Associated Press)

BUFFALO, N. Y., March 21.—With 82 pairs rolling in the doubles and 160 competing in the singles event of the American Bowling Congress tournament today there was but one change among the ten leaders. A. Pope and F. Stewell of Chicago, going into fifth place in the two-man event with a score of 1,267 pins.

A. Sievert and J. Murphy, of Milwaukee, with a total of 1,221 pins and O. Youngman and G. Deatley of Columbus, were the other high two-man rollers of the day.

Jimmy Smith, Milwaukee, all-events winner of the 1920 tournament, failed to come anywhere near last year's performance. He shot 580 pins in the doubles and 609 in the singles today following a 555 count in the five-man event last night, giving him an aggregate score of 1,742 pins for his nine games.

STORAGE STOCK OF MEATS SHOWS DECREASE

Chicago, March 21.—Cold storage stocks of meat and lard in the United States on March were less by approximately 125,000,000 than on the corresponding date last year, according to a statement issued today by the Institute of American meat packers. The total supply on hand March 1 was given at 1,256,500,000 pounds, declared to be a "normal, average supply."

WESTERN ELECTRIC SALES INCREASE

New York, March 21.—Total sales of the Western Electric company during 1920 amounted to \$206,112,000 as compared with \$135,722,000 for 1919.

The annual report of the company, made public today, showed net earnings amounted to \$8,277,414, while those of 1919 were \$5,652,098. The net earnings for 1920 were 7.2 per cent on the average investment for the year while in 1919 they were 6.9 per cent.

BIRTH RECORD

Born to Mr. and Mrs. Fred J. Mollenbrok of Louisville, Kentucky Sunday, March 20th, a nine pound son.

The Sprightliness of Springtime is Reflected in the New Capps Clothes

T. M. TOMLINSON

NOT GUILTY VERDICT IN MATEWAN TRIAL

WILLIAMSON, W. Va., March 21.—Police Chief Sid Hatfield and fifteen other men of Matewan, were found not guilty of connection with the death of Albert C. Felts, a private detective last May left for Matewan late today. Unless there is a change of plans, however, they will be free but a short time.

Judge R. D. Bailey, announced that the next case would be called April 12. There are still six indictments against the sixteen men freed by a jury this morning, one each in connection with the deaths of six Baldwin-Felts detectives.

The defendants had nothing to say regarding the verdict of "not guilty" and they received the news of their acquittal soberly.

SUPREME COURT SETS TIME FOR HEARING

Washington, March 21.—At the government's request, the supreme court today set April 11 for hearing arguments in the appeal from New York decisions, refusing to enjoin the Western Union company from landing an Atlantic cable in Miami without official permission.

ROCK ISLAND EMPLOYEES CONFER WITH OFFICIALS

Chicago, March 21.—Representatives of the approximately 10,000 unskilled laborers employed by the Chicago, Rock Island & Pacific railroad conferred today with officials of the road and adjourned tonight with a decision to resume tomorrow, when officials said the wage reduction proposals will be handed the representatives.

The reduction in the cost of living in the localities served by the road will form the basis for the new wage scale.

No indication of the percentage of cut was forthcoming.

DR. SIMONS GIVES OUT OFFICIAL FIGURES

London, March 21.—The official returns of the plebiscite in Upper Silesia as given by Dr. Simons, German foreign secretary in a telegram to London are:

Germany 713,700; Poland 460,700 in the whole plebiscite area or approximately 6 per cent in favor of remaining German territory and approximately 39 per cent for incorporation in Poland.

All the towns especially the industrial centers show an overwhelming German vote. There are only Polish majorities in the country," Dr. Simons says.

MANY OBJECT TO PAVING PROJECT

Residents of College Avenue Appointed at Board of Improvement Hearing to Ask for Delay—Think Present Prices Too High

The residents of East and West College avenue were present in large numbers at the hearing held by the board of local improvements Monday afternoon to consider the proposal of retopping the brick pavement with asphalt. Practically all of the persons present were opposed to the pavement and Walter Bellatti stated that he would file petitions with the board showing owners of 9889 feet object to the pavement at this time. The total frontage on the street is 15,047.

The board of local improvements, which includes Mayor Crabtree, Engineer Henderson, and Street Commissioner White, has at no time ordered a pavement where a majority of the property owners have appeared as objectors and the rule will probably not be varied in this instance. At the conclusion of the hearing the board took the matter under advisement.

Frontage Figures Quoted
The hearing was held at 2:30 o'clock and Mayor Crabtree opened the conference by stating its purpose and asked for a free expression of opinion. Mr. Bellatti said that he was not present as an attorney, but would speak for himself.

Drink

THE COCA-COLA COMPANY
Atlanta, Ga.

self as a property owner and for a number of property owners and had petitions from some others in his possession. In view of the petitions which he later filed with the board, Mr. Bellatti said that persons who had objected to the improvement at this time represented a frontage of 9,889 and that the total frontage of the street was 15,047.

Mr. Bellatti then took up a portion of the street, a block at a time, presenting frontage figures to show that by a very large majority the owners of the property are objecting to the construction work at this time because prices are so much higher than they were in the pre-war period.

In answer to a question Engineer Henderson said that the cost on the frontage basis would figure about \$7 per foot on West College avenue and about \$5.88 on East College avenue. The difference in figures is occasioned by the fact that the West College avenue pavement is 36 feet wide and that on East College avenue 30 feet wide.

Work Too Costly
Judge Owen P. Thompson was the next speaker and said that he had helped pay for three previous pavements and had not objected, but that at this time he was opposed to paving because the cost would be nearly three times as great as for similar work a few years ago. Judge Thompson said he was present as a property owner and not as an attorney. The judge said that the specifications called for three inches of foundation and asphalt spread on top of the present pavement and that this retopping work would cost a great deal more than the original pavement. He declared that with the state of Illinois with millions in the treasury waiting for lower prices for cement and other materials, that it was not a consistent thing for the property owners of Jacksonville to put up money for an improvement requiring the use of so much high priced material.

Complimented Administration
Harry M. Capps appeared on behalf of the trustees of Illinois college and the Congregational church. Mr. Capps said that he very much disliked to be in the attitude of an objector to anything that the present administration proposed, as he was so much interested in the work of the administration and had entire faith in their purpose to do only the best things for Jacksonville. However, Mr. Capps said in view of all the circumstances the trustees of

the college and the church felt that it would be a hardship for them to pay for the improvement on the present basis. He said that because of his business he has had occasion to study economic conditions and that while silk, leather, wool, copper and some other basic commodities are now down to pre-war prices or below, that in certain other lines, notably those necessary in road building, that the high price period is not at an end. He expressed the belief that inevitably the downward scale must touch these materials, together with labor and that in view of all the facts it seemed wise to wait for a while on the retopping work.

He seemed to be of the opinion voiced by previous speakers that while the pavement is rough that no emergency exists.

Ensley Moore spoke in opposition to the pavement on the ground of too great expense at this time and because the money so spent would practically all be sent out of town.

From the Minority

Since there were so many people present and apparently a great majority of them opposed to the movement, Mayor Crabtree suggested that the most practicable thing would be for any persons present who were in favor of the pavement to speak. W. C. Bradish who is a West College avenue property owner, said that he did not wish to be listed among the objectors because he felt that the improvements would add greatly to the general condition of the streets of Jacksonville and would be of some special value to Illinois college, and the condition of this property and surrounding areas is of much importance to the city. Mr. Bradish raised the point that if the use of the pavement continued without any betterment work done that it is entirely possible that the condition might become so bad that an entirely new pavement would be needed and so no real saving be effected, since at the present time only retopping is necessary. Mr. Henderson stated that at this time it would cost \$75,000 more to put in a new pavement than it would for the retopping.

Albert C. Metcalf spoke in behalf of the trustees of Illinois woman's college. He said that the trustees there, just like the trustees of Illinois college, if the pavement assessments were made would be required to solicit money from their friends. He said further that the college while not urging that the pavement be put down at this time, would not oppose it if the board of local improvement saw fit to order the work done.

J. F. Kline, resident on East College avenue, said that he had always favored improvements and had been a voter for the bond issue, but was not in favor of retopping at this time, and said that he believed when the East College pavement was done it should be with brick on account of the heavy traffic.

Joseph Estaque, another resident said that he was not opposed to public improvements generally but that he did not think this was the time to pave on account of the high cost. Mrs. Charlotte Gray expressed her opinion that the condition of the street did not demand immediate attention and that the cost of paving will without doubt be very much lower in the course of another year.

Several property owners spoke along the same line. Among those present in addition to those already mentioned were E. G. Caldwell, E. Spink, Mrs. Emma Oswald, J. E. Berry, George E. Matthews, Otto Eckels, Robert Smith, Mrs. W. C. Cole, Mrs. J. K. Long, Dr. C. C. Cochran, Thomas Stevenson, J. P. Lippincott, Marcus Hulet, Walter Houston, James McCullough, Leuben McCullough, William Floreth, Mr. and Mrs. George Moore, Dr. George Dinsmore, Lathrop Ward, Dr. C. H. Rammekamp, Dr. P. C. Thompson, Homer Cully, A. C. Rice, Henry Frisch, A. J. Hoover, W. H. Hague.

PRESIDENT AND MRS. HARDING ENTERTAIN VISITING INDIANS AT THE WHITE HOUSE

Thirty-five Indians, some of them in tribal costume, were entertained at the White House. The Indians, who came from various western states, declared they represented most of the Indian tribes of the country. Members of the delegation presented Mrs. Harding with a beaded hunting bag and the President with a pair of beaded moccasins.

WANT THREE G. O. P. CANDIDATES CHOSEN

Morgan County Republican Committee Favors This Plan—Judge Smith Endorsed—Select Judges for the Judicial Conventions

Delegates to the supreme judicial convention to be held in Monmouth March 31, and to the Seventh Judicial District convention in Springfield, April 11, were chosen by the Republican County committee Monday, at a meeting held at the court house. C. F. Wemple, county chairman, presided, and F. L. Gregory was secretary. The committee, in a strong resolution, went on record as favoring the nomination of three Republicans in this circuit, this action being taken because of the movement in some counties for bipartisan action of the three judges now serving, without opposition. Local Republicans do not look at the question in this way, since the district was carried by Republicans last fall with majorities all the way from 12,000 to 18,000. However, the resolutions adopted yesterday endorsed the record and candidacy of Judge Smith.

The names of delegates to the several conventions were selected by a committee including W. L. Alexander, C. O. Bayha and Edward Kastrop. The resolutions committee consisted of Judge Paul Samuel, C. S. Black, W. E. Barrows, John J. Reeve and Warren N. Luttrell.

While the two committees were working on their reports, brief remarks "for the good of the order" were made by State Auditor Andrew Russell, F. L. Sharp, E. M. Vasconcellos, M. L. Hildreth and others.

The names of delegates to the conventions and the text of the resolutions appear herewith:

Monmouth delegates—W. L. Fay, C. E. Wemple, Louis Leurig, W. K. Turnbull, John J. Reeve, John Larson, John D. Cain, Walter DeShara, H. Z. Samuel, C. Justus Wright, Mrs. John J. Reeve, Wilson M. Smith, E. A. Ranson, John Easley, Thomas Worthington and Andrew Russell.

Monmouth alternates—C. O. Bayha, L. F. Berger, L. B. Smith, Harry Cade, E. A. Williamson, Ray Souza, Mrs. Curtis Freeman, Mrs. Medora Bryant, E. M. Vasconcellos, Frank Sullivan, W. H. Petrich, Carl E. Robinson, Frank Wanamaker, E. E. Hart, V. H. Hackett, and T. H. Rapp.

Springfield delegates—W. L. Alexander, F. B. Henderson, Hugh P. Green, J. W. Walton, H. K. Chenoweth, R. Y. Rowe, Charles S. Black, George A. Wheeler, James H. Brown, Roy Mawson, Harry Cade, W. E. Barrows, Warren N. Luttrell, Grant Graff, Edward Kastrop, George M. Vasconcellos, Matthew Hildreth, Earl Mortimer, Charles M. Strawn and H. M. Tulpine.

Alternates—Jeff Duckett, W. E. Smith, C. A. Rousey, William H. Stater, J. L. McLain, Thomas H. Crain, S. A. Fairbank, John Minster, Miss Edith Wemple, Mrs. John Kastrop, Miss Alice Clark, Lon McNeely, R. L. Dye, John Dunn, Alfred Anderson, R. B. Marshall, J. W. Baptist, George Detrick, George A. Moore and Thomas Stevenson.

Following is the resolution of the committee regarding the three candidates in the judicial race:

Be it resolved by the Republican County Central Committee of Morgan county in regular convention assembled, that the Republicans having carried the counties comprising the Seventh Judicial Circuit in November, 1920, by majorities ranging around 18,000, and whereas, there is to be elected three Circuit Judges for the Seventh Judicial Circuit at the judicial election in June, 1921, and believing that we have Republican lawyers in the Seventh Judicial Circuit who are eminently fitted for the position of Circuit Judge; Therefore, be it resolved, that the delegates to the Judicial Convention for the Seventh Judicial District be, and they are hereby requested to favor the selection and nomination of three Republicans.

Resolutions to be voted for at the

Judicial election to be held in the month of June, 1921.

Be it further resolved, that in case any vacancy or vacancies in the delegation when the same meet in said Convention that those of the delegates present be, and they are hereby empowered to fill such vacancy or vacancies.

The resolution endorsing the administration follows:

Be it resolved, that the Republican Central Committee of Morgan county in convention assembled, heartily commend the attitude of our honored president, Warren G. Harding, as expressed in his inaugural address, and his evident determination to adhere to those great principles which have so largely been responsible for the development and growth of this republic.

We also commend the sincerity of our governor, Hon. Len Small, in endeavoring to keep faith with the people of Illinois by carrying out his pre-election pledges, and are confident that his administration of state affairs will be such as to reflect great credit upon the Republican party.

We would further commend the record of Hon. Elbert S. Smith of Springfield, as judge of the Seventh Judicial District, whose services on the bench since his election upon himself and to the Republican party, and we believe that the interest of the district will be well served by his nomination and election for another term.

Done in convention at Jacksonville, Ill., this 21st day of March, 1921.

MRS. HENDERSON DIES IN SPRINGFIELD

Former Resident Passes Away Monday—Burial at Arcadia

Word was received here Monday evening of the death of Mrs. Hattie R. Henderson, which occurred Monday at the home of her daughter, Mrs. Carrie Ahrenkell, 612 South Eighth street, Springfield.

For many years Mrs. Henderson was a resident of Morgan county, residing in the Litterberry neighborhood and for the past ten years on West Lafayette avenue in this city. She recently went to Springfield to reside.

Besides her daughter, Mrs. Ahrenkell, she leaves a son who resides near Ashland and a brother, Henry H. Stevenson of 314 North Main street.

C. E. Williamson of the firm of Williamson & Son went to Springfield Monday evening to take charge of the body.

The funeral services and interment will be held at Arcadia. The time of the services and a more extended obituary will be given later.

NEW EQUIPMENT IN BYRNS STORE

New equipment has been installed recently in Frank Byrns' hat store for the shirt stock. The cases were manufactured by the Crawford Lumber Co., after a design drawn at Mr. Byrns' suggestion. A number of local merchants are finding that they can have their special equipment made here at home at less cost than they would incur by placing the order elsewhere.

Feet Drag?

When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheumatism, pains, stiff joints, sore muscles.

W. W. Wells, Tonawanda, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any one who they did not give satisfaction."

DRECO

For a weak Stomach

Quick relief from gastritis, indigestion, nausea and nervousness.

DRECO—for young or old.

AT YOUR DRUGGIST

DON'T SUFFER WITH NEURALGIA

Use Soothing Musterole

When those sharp pains go shooting through your head, when your skin seems as if it would split, just rub a little Musterole on your temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment made with oil of mustard. Better than a mustard plaster and does not blister. Many doctors and nurses frankly recommend Musterole for sore throats, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, rheumatism, sciatica, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet—cold of the chest (it often prevents pneumonia). It is always close at hand.

The Original All-Record Phonograph Without Attachments

Such is The Brunswick, and part of its fame is due to this innovation. Until the coming of this noted instrument, most Phonograph owners had to be content with a one record instrument. Brunswick made this idea out of date.

There has been many attempts to equal The Brunswick, but devices and attachments never bring the desired result. The Ultona is part of The Brunswick inbuilt, and it plays every record at its best.

Another exclusive feature is The Brunswick Tone Amplifier, built entirely of wood; it has no cast metal throat, as is usual.

Brunswick PHONOGRAPHS AND RECORDS

This scientific Tone Amplifier, built according to acoustic laws, gives truer, richer tone. It reveals hitherto lost shadings.

Hear The Brunswick before you buy a Phonograph. Note its unequalled tone, its superb cabinet work, its many betterments. You will hardly believe all the good things they say about Brunswick's, until you see for yourself.

The H. E. Wheeler Co.

Beautiful Styles in
SUMMER SHOES

The styles in feminine footwear this season are unusually attractive, in our opinion.

Interpreted by the expert designers of leading manufacturers they have a beauty and charm that compels instant admiration.

LONG TIME WINCHESTER RESIDENT PASSED AWAY

Mrs. Margaret Dobson Passed Away Suddenly at Home Near Burnside, Ill.—Odd Fellows Lodge Initiatory Ceremonies—Other Winchester Items.

Winchester, Mar. 21.—A message received Monday morning telling of the sudden death of Mrs. Margaret Dobson, wife of George Dobson, at her home near Burnside, Ill. The deceased was a resident of Scott county for many years. She was well known in Winchester and had many friends who will regret to know of her death. Mrs. Dobson leaves her husband and one daughter, Edna; two sons, Fred and Frank at home; three sisters, Mrs. George McLaughlin, Mrs. Amanda Barnes and Miss T. Hawk; two brothers, George Hawk of Jacksonville, and Lincoln Hawk of Roodhouse.

Mrs. George McLaughlin left for Burnside Monday morning and will with the family accompany the remains to Winchester for burial. They expect to arrive Wednesday afternoon and will go to the Christian church, where the funeral service will be held.

Paul F. Dunbar, a member of the high school faculty and who is studying for the ministry, delivered his first sermon Sunday morning at the Methodist church.

A son was born to Mr. and Mrs. Arthur Vinyard Friday at the home of Mrs. Vinyard's mother, Mrs. Slagle.

The following were given the first degree in the Odd Fellows lodge Friday evening: Guy H. Husted, Frank W. Gilman, Verlin Summers, William J. Moore, J. A. Mehrhoff, Russel Redshaw, W. Miles Gish, W. L. Morrow, Albert Hainsfurther, Jr., Cordell Moore, Lloyd Coon. Refreshments were served following the ceremonial session.

Mrs. Yancy Little and daughter have moved from their country home southeast of town to the property formerly occupied by Mr. and Mrs. Joseph Henson. Austin Little and family of Jacksonville have moved to his mother's home.

Social Events

Mediterranean Countries Studied by Monady Club

The members of the Monday club were entertained by Mrs. E. W. Bassett at her home on Pine street yesterday afternoon. The program of the afternoon was in charge of Mrs. Earl Spink and the discussion was on the subject of Archaeology. The club heard the history of the countries around the Mediterranean as revealed by archaeological research. Mrs. H. A. Perrin, Mrs. U. G. Wooman, Miss Powell, Mrs. Rowe and Miss Neville, assisted in the discussion. A pleasant social hour ended the afternoon.

College Hill Club Studies Islands

The College Hill club met yesterday afternoon at the home of Mrs. David P. Hueston on North Main street. Mrs. Charles Hall had the paper for the day on the two islands Java and Borneo. Mrs. Hall gave a very comprehensive presentation of the subject, treating the islands from various standpoints. Music was furnished by Mrs. Maude Strang who played several violin selections. The afternoon closed with the usual pleasant social hour.

Pastors Aid Met Saturday

The Pastor's Aid society of the First Baptist church held a bazaar and cafeteria Saturday in the church parlors.

The chairman of the various committees together with their efficient helpers, worked faithfully to make this affair a success and the generous patronage of the public enabled them to get a goodly sum for the society.

The society is grateful to all those whose labors and patronage helped in this success.

Opportunity Class Met With Mrs. Obermeyer

The opportunity class of Grace M. E. church met Monday evening at the home of Mrs. C. A. Obermeyer, 525 South Diamond street, with twenty-six members in attendance. The evening was spent in music and games and a social good time enjoyed by all. Delicious refreshments were served by the hostess. No announcement was made as to where the next meeting will be held.

CITIZENS TRYING OUT AIR TRAVEL

Robinson Bros. Conveyed Several in Aeroplane—Regular Travel Line is Planned.

Messrs. Robinson Bros. of St. Louis who came here Saturday in their aeroplane, took a number of passengers up Sunday and Monday. Among those who took a view of Jacksonville from this advantageous viewpoint were Tom H. Buckthorpe, Fred Faugust, Crum Cleary, Howard Zahn, Mrs. Gay Hutson and Miss Helen Baker.

The landing place is on the Buckthorpe farm and most of the flights have been taken over the city, circling from the southeast limit to a point west of the business district and then around to the northeast limits. A number of other people are expecting to take the trip today or tomorrow. The aviators are expecting to spend Thursday and Friday in Winchester.

As already stated, the Robinson Aeroplane Co. is soon to inaugurate regular service from St. Louis to Chicago and if a satisfactory landing place can be found here it is the intention to make regular stops here. This action, however, is dependent upon the finding of landing place here before something of the same kind is done in Springfield. That city is on a more direct line between Chicago and St. Louis, but there are more difficulties in securing a landing place there than in this locality.

Jesse Dawson and family returned Sunday afternoon to their home in Wood River after a visit with his parents, Mr. and Mrs. Newton Dawson and other relatives.

Edward Leib arrived Sunday from Beardstown for a short visit with relatives.

A GREAT DAY IN GRACE SUNDAY SCHOOL

"Dads' Day in Grace Sunday school was a great success in every respect. The orchestra discoursed much appreciated music before the opening of the school. The men were met at the entrance by young women and had a flower pinned on the lapel of their coat. The following program was rendered: A Dads' Quartet consisting of C. W. Lent, H. A. Littler, P. Phipps and S. J. Tompkins sang "The Church in the Wilderness." Mrs. Canatsey rendered a vocal solo. Kent Bracewell made a short talk, "Why Fathers Should be Attendants at Sunday School." Announcement was made of the Easter self-denial offering to be taken next Sunday. There were seventy-eight men in attendance in the Sunday school. That the men are displaying greater interest in the Sunday school is evidence that they are realizing their responsibility in the relation of the young people to the program of the church. There were in attendance in the school 356 and an offering of \$16.77.

Monday evening the women of the Opportunity Circle held their monthly meeting at the home of Mrs. C. A. Obermeyer, 525 South Diamond street.

Tuesday afternoon at 4 o'clock the boys under the Boy Scout age will hold their weekly meeting. The Boy Scouts will hold their weekly meeting on Thursday evening.

RAILROAD EMPLOYEES ARE ON STRIKE

Joplin, Mo., March 21.—Several United States deputy marshals left today for points along the Missouri and North Arkansas railroad, on the Missouri side of the line under orders to protect the property, which has been subjected to depredations.

GOVERNOR HART SIGNS BASEBALL BRIBERY LAW

Olympia, Wash., March 21.—Governor Hart today signed the baseball bribery bill. The law provides that any baseball player, umpire, club owner or other employee of baseball clubs or leagues who conspire to throw a baseball game shall be guilty of gross misdemeanor, punishable by fine and jail sentence.

D. A. R. CONFERENCE PLANS ALL COMPLETED

Delegates Will Arrive on All Trains Today—First Session Will be Held Tonight

Final touches were given yesterday to the arrangements for the state D. A. R. conference and the number of arrivals on the afternoon and night trains will be larger as the opening session will not be held until tonight.

As already indicated, all of the sessions are to be held at the Congregational church and are open to the public. Delegates will be entertained in the homes of D. A. R. members. They will have breakfast each day in these homes and the other meals will be served at the Congregational church.

Miss Anna Hinrichsen, who is to act as conductor for all delegates who wish to visit the state institutions, will spend the entire week here and her services will be available at any time. One of the most notable visitors of the week will be Mrs. George Maynard Miner, president general of the D. A. R., who is to motor from Springfield and spend all of Thursday here.

MADE ADDRESS AT COMMUNITY FORUM

Bishop Paul Jones was the speaker at the Congregational Forum Sunday night, his theme being "A Christian World Possible." Bishop Jones firmly believes that the world is growing better and that the brotherhood of man is increasing. Out of the present industrial unrest and misunderstanding he points to many efforts on the part of employers and the employed to reach a common basis of understanding.

In the view of this speaker there can be no real settlement of these difficulties until such a time as men more nearly follow the teachings of Christ and seek earnestly to do as they would be done by.

Music was furnished by Mrs. Mabel Wright and Miss Anna Wright, with Miss Ruth McLamar at the organ. There was a great profusion of beautiful flowers and they were in charge of Misses Blanches Hocking and Dorothy Featherstone.

Interment was made in the Franklin cemetery, the pallbearers being A. H. Wright, George K. Watkins, James B. Wright, Andrew Whitlock, J. L. Hocking and William Bishop.

Among those from a distance who attended the funeral were Mr. Kidd of Virden, Mr. and Mrs. George K. Watkins and daughter, Havana, Mrs. Herman Sparks, Jacksonville.

WITH THE SICK

H. W. King, who has been a patient at Passavant hospital was able to return to his home Sunday and expects to be back at his office this week.

F. J. Waddell is confined to his home in Duncan Place by illness.

FEDERAL JUDGES FAIL TO AGREE

Chicago, March 21.—Federal Judges F. E. Baker and Samuel Alschuler today reversed the order of Judge Kenesaw M. Landis, closing the Entertainers' Cafe, a well known south side cabaret, for one year. The reversal was on the ground that government officials who confiscated liquor at the cafe did not have a search warrant. Judge Landis today issued injunctions closing three more saloons for one year.

GROW YOUR OWN FRUIT IS SLOGAN

Starting the Home Orchard; How to Plant and Care for the Young Trees so as to Get a Strong, Early Growth.

(F. F. Rockwell, Horticultural Editor of Farm & Fireside.

This is the second article in Mr. Rockwell's series telling how to have an abundance of apples, peaches, and other tree-fruits and small fruits, from a small space. Watch for next week's article telling how to have raspberries this season, from plants set this spring.

Last week we talked about the selection of varieties of apples, peaches, pears, plums and cherries, for a small home orchard. Also, of the vital necessity of getting your plants from a well established, dependable firm whether you buy from an agent or by mail.

Now comes the next step—the important one of preparing for your little trees, and planting them.

This part of the making of your orchard is in your own hands. The nurseryman, of whom you bought, may have sent you good trees, and the Lord may send you a good growing season, but unless you plant your trees with reasonable care, disappointing failure is likely to be the result. Every good thing is worth some effort and a good home orchard is such a very good thing that it's worth a hundred times over, the effort needed to make sure of its success at the start.

The First Step Toward Insuring Success.

It's not necessary to wait until your trees are actually received before beginning preparations to start them off right.

The first thing is to make ready the places where they are to go. An apple tree will require a space 20 to 30 feet in diameter; a peach, 15 to 20 feet; pears, plums, dwarf apples and cherries about the same.

Perhaps the commonest mistake in planting trees, is in failing to prepare a large enough space for the roots. Very often, all that is done is to dig out a small hole, just big enough and deep enough to take the roots, even when they are bent and curled around. In many soils, such a hole will act almost like a pot or a tub, and after a year or two's growth, practically all the roots will be still confined within it.

The proper way is to dig up a space several feet in diameter,

HE WEARS CHEATERS ON THE DIAMOND

George Topocer, of the St. Louis Cardinals has the distinction of wearing eye-glasses while on the ball field. Topocer may play second base regularly as Hornsby may be shifted to third.

just as you would prepare a bed for planting seeds. Then in the center of this, dig out a hole large enough to take the roots of the tree to be planted, in their natural position. This will not require such a very big hole, because any long straggling roots the tree may have, should be pruned back, before planting, to conform with the rest. And any broken, bruised or rough-looking roots should be cut back to clean, live wood.

Trees, like vegetables or flowers, must be provided with soil that is well enriched, if you would have them make a thrifty growth. Well-rotted manure, thoroughly mixed with the soil where the trees are to be set, makes a good preparation for planting. Wood ashes, which contain a considerable amount of potash—one of the plant foods most needed by fruit trees—should also be used generously, if available. Two or three handfuls of bone meal, to each tree, may be added at the time of planting. The bone meal will help their growth for two or three years after planting.

How to Take Care of Your Trees When You First Receive Them.

Many trees are injured between the time they are first received from the express company or the nursery agent, and the time they are set out. Keep in mind that your trees are living plants, even though they may be in a "dormant" condition, and not like seeds or bulbs.

The first thing to do therefore, when your trees reach you, is to keep the roots from drying out. Unpack them at once; remove bindings, and "heel them in." This consists merely of digging a trench a foot and a half or so in depth; placing the roots of the trees therein; and covering them with soil, being sure that it is packed down close around the roots. If the soil is dry, pour water into the bottom of the trench before filling it.

The trees will keep in this manner without injury for some time. But it is desirable to get them planted in their permanent positions just as soon as possible. During the planting, the roots of trees which are to be carried about, it is well to keep the roots covered with a piece of wet burlap, if it is a bright, windy day.

The mistake most commonly made in the actual planting of trees is to put them in too loosely. The soil should be packed down about the roots, just as firmly as it is possible to get it, with the aid of the feet or of a blunt, wooden stick for firming. The tree should be put in slightly deeper than it grew before, as indicated by the soil mark just above the roots.

Ordinarily it is not necessary to use water, especially when planting in the spring; but if the soil should be quite dry when the trees are being set out, the water should be poured in and allowed to soak away about half of the soil has been put back into the hole. This is much more effective than pouring the water on the surface after the tree has been planted.

How to Make the Tree Form a "Head."

One of the main reasons why trees set out in commercial orchards often seem to do better than those in the home grounds is that they receive more attention in the way of early pruning. It may seem a great shame, after you have set out your fine looking little trees, four to six feet high, to think of cutting away a large part of what you have paid out your good money for. But it is necessary to do this. If you want to get as much fruit as possible from your young trees, peach trees should be pruned by cutting the top out clean a third to a half of the distance down to the lowest branches, and cutting all the remaining branches back to within a few inches of the main stem.

Apples, pears and plums should have all the top above the first five or six branches removed, and those remaining branches cut back to a few buds each. Care should be taken, however, that no two of these branches which are left, grow out of the main stem at the same point, as this would mean, later on, a bad crotch that is likely to break under a storm or a heavy crop of fruit. The branches which are left should also be spaced as evenly as it is possible to get them around the trunk of the tree.

The result of this severe cutting back of your little trees will be that they will start to form

PLANS TRAINING AT CAMP KNOX

Active Season of Military Training Planned at Kentucky Camp—Dependent Upon Appropriations by Congress.

Indianapolis—Extensive plans for utilizing Camp Knox, Kentucky, for an active season of military training during the coming summer are now being formulated by the staff at Fort Benjamin Harrison, headquarters of the Fifth Corps Area, commanded by Maj. Gen. George W. Read. The plans include courses of instruction for the national guard, for Reserve Officers Training Corps units, for artillery units and for civilians.

All these plans are dependent upon appropriations by the Congress.

Camps for members of Reserve Officers Training Corps units will be held from June 16 to July 27. Attendance of the Infantry camp will be limited to students at institutions of the Fourth and Fifth Corps Area. The Fifth Corps area includes Indiana, Ohio, Kentucky and West Virginia. The Fourth Corps area includes Tennessee, North Carolina, South Carolina, Louisiana, Mississippi, Alabama, Georgia and Florida.

There will also be an artillery camp for members of all artillery units located at Harvard, Yale, Princeton, Cornell, Virginia, Military Institute, Alabama Polytechnic Institute, Purdue, Culver, Ohio State, University of Chicago, University of Illinois, University of Wisconsin, Iowa State, University of Missouri, Colorado Agricultural College, Agricultural and Mechanical College of Texas, University of Oklahoma, Leland Stanford, University of Utah and Oregon Agricultural College.

Commencing on July 6 and ending Sept. 4 all the national guard of the Fifth Corps Area will attend for periods of two weeks for each organization. In addition there will be a regiment of artillery from Missouri and a battalion of artillery from Iowa. It is proposed that the national guard united engage in practical training of a nature which cannot be given at their home stations.

It is proposed that there also be a month's camp for citizens between the ages of 18 and 45. These men will be graded and assigned according to previous military experience and then given course of instruction with a view to including as great a proportion as possible of practical field work including firing. The principal part of the training at the citizens camp will be in the infantry branch although individuals may elect to put in ten per cent of their time undergoing instruction in some other branch.

In order to provide for the large number of instructors needed the 40th Infantry at Camp Sherman is now engaged in intensive training for the purpose of preparing officers and enlisted men as specialists with the various infantry arms. A number of officers from school at Camp Benning, Georgia, and it is planned that upon completion of their courses these officers will be utilized as instructors at Camp Knox.

Camp Knox reservation consists of 31,000 acres.

Correct styles bonded saliors, \$4 to \$6. The Carroll Millinery Parlors, 859 Routh street.

branching "heads" hat will make it much easier for you to care for them, spray them and gather the fruits.

You will be surprised when growth begins how quickly the little trees you have set out will make up in new growth for all that has been cut away. A shovelful of chicken manure or a handful of nitrate of soda dug in around each tree, as soon as the new growth has got well started, will give them extra vigor and a dark green luxuriant color for the first season's growth. Both of these fertilizers, however, should be used only early in the season.

The soil around the trees should be dug up and raked over occasionally to keep down weeds and to provide a "soil mulch" to conserve moisture.

If the above simple suggestions are followed, practically every tree you plant will not only live, but will make a good husky growth—and a strong start is at least half the battle in growing an abundance of good fruit for your own home table.

Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time.

If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her.

Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Read How These Mothers Helped Their Daughters

Guttenberg, N. J.—"My daughter was all run down and had fainting spells often had a bad complexion, and suffered at her monthly periods. Her grandmother had been taking Lydia E. Pinkham's Vegetable Compound for the Change of Life, and got a bottle of it for her. She began to improve with the first bottle and took five in all and was entirely restored to health. For a time she had not been able to attend school, but she does now. She recommends Lydia E. Pinkham's Vegetable Compound to her friends and I give you permission to publish this letter as a testimonial."—Mrs. CATHERINE MCGLOVE, 304 24th St., Guttenberg, N. J.

Roxbury, Mass.—"My daughter is a schoolgirl and she suffered very much with irregular periods, painful cramps and dizzy headaches. She was sometimes as long as three months between her periods and when they came she was not able to do her school home lessons because she could not even sit up. A copy of one of your little books was left in my letter-box and she began to take Lydia E. Pinkham's Vegetable Compound for her troubles. She is now in good health, is regular and can help me with the housework when not in school."—Mrs. VICTORIA G. SPENCER, 74 Bragdon St., Roxbury, Mass.

INTERESTING DATA ON ILLINOIS BIRDS

More Than a Third of the Song Birds of the State Spend Winter in South—Dates of Migratory Birds' First Appearances.

Springfield, Ill.—More than a third of the song birds of Illinois spend only the summer months in this state and then go south for the winter. Some of them as far as the West Indies and South America.

This news from bird land, with the dates of earliest appearance in central Illinois of twenty-five of these song birds, is given in the Illinois Arbor and Bird Day book just issued by Superintendent of Public Instruction Francis G. Blair.

Prefacing this attractive volume is the proclamation of Governor Len Small, setting aside April 15 and October 28 of this year as Arbor and Bird Days.

The story of "Illinois Birds as Travelers," written by Dr. Frank Smith, professor of zoology at the University of Illinois is told in the Illinois book.

Forty-eight per cent of Illinois birds have their summer and winter homes widely separated. Prof. Smith writes, "Birds of more than one third (36 per cent) of our Illinois species journey beyond the boundaries of our country to reach their winter homes. A few kinds winter in West Indies, others in Mexico, a great number in Central America, and representatives of more than

VICTIM OF FOUL CRIME

Mrs. Edith Marshall Wilson, pretty young organist and music teacher of Perth Amboy, N. J., who was attacked and slain within a few feet of her home by a negro, who has confessed to the brutal crime.

one fifth (21 per cent) of our Illinois species push on into South America for their winter feeding ground. Among these are included many thrushes, warblers, swallows, tanagers, flycatchers, cuckoos, snipe and sandpipers."

The reason some birds appear earlier in the spring than others is because their winter home is closer. The speed at which they fly on their long journey some times averages fifty miles an hour. Most of the small birds travel by night.

"Anyone who is on the watch may see birds in migration," says the professor, "since many of the larger strong-flying birds are known to migrate by day, and so also do some of the smaller ones such as swallows, chimney swifts, and night hawks, that are especially expert on the wing."

"That very many travel by night is shown by their destruction at light houses, by observations thru telescopes directed toward the moon, and they may often be heard in great numbers calling to each other when flying low on cloudy nights. Birds of most species migrate at night."

Records kept for the last eighteen years at the University of Illinois were used by the professor in preparing the calendar of Illinois migratory birds' first appearances.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

W. H. WEATHERFORD, Sheriff and Ex-Officio Collector

PROPOSE POULTRY RAISING CAMPAIGN

Springfield, Ill.—Boasting the only "all-year-round" working organization of its sort in Illinois, the Sangamon County Poultry association upon completing its twelfth year has just issued a suggestion and a challenge to the other county associations of the state. It proposes that they all join in a plan to exclude non-resident members, and start a campaign to place poultry raising and poultry shows on the highest plane.

T. Warren Sharp of Springfield, vice president of the Sangamon county association and editor of its year book, is author of the plan. Nearly all other poultry organizations in Illinois have unrestricted membership, and are organized solely for the annual poultry show, Mr. Sharp said.

Such organizations, according to Mr. Sharp defeat the true purpose of a poultry show by conditioning competition solely upon payment of a fee and forbidding all who do not pay.

Adoption of the "exclusive county idea" in restricting membership to residents of the county would make the annual county poultry show what its name indicates, a "county" show, he holds. It would be followed by district shows, open to several counties, and finally by the state show open to all counties and all other states, according to his plan.

Chicken Pie Supper, Central Christian church, Tues., Eve., Mar. 22, 5:30 to 7. Special music. Tickets 75c. Benefit pipe organ fund.

William Lovell was added to the list of city callers from Murrayville Monday.

FARM BUREAU NOTES

Legumes Need Phosphates: A Few of the Whys—The majority of Illinois soils are deficient in both phosphorus and nitrogen. The nitrogen deficiency does not apply to legumes because of their ability to utilize that in the atmosphere. This makes phosphorus the limiting element for legume growth where the lime requirement has been satisfied. Legumes are valuable as soil improvers because of their ability by means of associated bacteria to fix atmospheric nitrogen. A large healthy, well fed legume plant will fix more nitrogen than one the growth of which is retarded by deficiencies in plant food elements other than nitrogen, simply because more nitrogen is needed to provide for the extra growth. Hence, an abundant phosphate supply may be directly responsible for obtaining larger quantities of nitrogen.

A legume green manure increases the available phosphorus in the soil for subsequent crops not only by the solvent action upon mineral phosphates or compounds produced during its decay, but by feeding upon the mineral phosphate itself, thus converting the phosphorus of the minerals into organic soil the organic phosphorus is quickly oxidized into suitable condition for plant use. Plenty of phosphate for the legume green manure means more available phosphorus for the next crop.

Legumes as a group contain nearly twice as much phosphorus as non-legumes. This may explain in part their demand for abundant supplies of this element. Most legumes require also large amounts of calcium. True, of the Wisconsin Experiment Station, has conducted studies which indicate a rather close relationship between the demand of plants for calcium and for phosphorus. It is possible that the high calcium content of legumes is in part responsible for their ability to get phosphorus from relatively insoluble mineral phosphates such as phosphate rock.

Cow Peas as a Green Manure Cover for Southern Illinois Orchards.—A good green manure cover crop for southern Illinois orchards should possess the following qualifications: It must be adapted to the climate. It must be planted according to circumstances, from the twentieth of June to the first of August and must, therefore, make its principal growth during the hot weather of mid-summer and early fall. It must be capable of germination in relatively hot weather and often in comparatively dry soil.

Among the different cover crops which are available as combinations of green manure and cover crop, none are ideal, but cow peas come more nearly being satisfactory than any other thus far tested for southern Illinois orchards. This crop is well adapted to the climate. It makes a profuse and rapid growth during hot weather. Its broad leaves shade the ground quickly when the plants are young and later it makes a mat of growth that covers the ground very completely. It is not ideal for the prevention of soil washing because the plant, of course, is killed with the first severe frost but the stems and roots aid considerably in holding the soil where the orchards are not located on too steep slopes.

In experiments in a large commercial apple orchard at Neoga, Illinois where the trees were 12 years old at the beginning of the experiment and are now 19 years old, and large enough to require from one-half to two-thirds of all the ground area, a cover crop of cow peas has been as effective in increasing production as applications of stable manure and sodium nitrate. In peach orchards, however, cover crops of cow peas have been detrimental to tree growth and production unless the ground was fertilized with potassium or nitrogen, or combinations of potassium and nitrogen in the form of stable manure or commercial fertilizers.

Cow peas should be sown in apple orchards following the early season cultivations from the twentieth of June to the first of July, and in peach orchards, if used at all, from the fifteenth to the twentieth of July, as the

Right now is the time to have your broken plows, tractor parts and other farming implements and machinery WELDED for Spring use. Right here is the plant to handle the work—experienced welders using the best equipment in a fully equipped shop.

Dependable service at reasonable cost.

peach makes more growth late in the season than the apple, and requires, therefore, later cultivation. The amount to be sown per acre is one bushel.

Meeting at Prentice—J. W. Graff, township chairman of 16-8 arranged a very successful farm bureau meeting in the Woodman Hall at Prentice, Thursday day evening, Charles S. Black, Harry J. Rice and County Agent George B. Kendall attended. Messrs. Black and Rice both made brief talks about the spirit of the larger meetings they had attended. County Agent Kendall used a blackboard and developed a program of work. Every one entered into the discussion and the general spirit of the meeting was first class. Those present reported very little trouble in growing clover, but they are afraid of chinch bugs. There was quite a difference of opinion about vaccinating hogs, but the discussion was such as to lead to a better understanding of the matter. In the opinion of those present meetings of this sort should be held whenever an occasion justified it.

PUBLIC SALE

Six miles south of Jacksonville, March 22, commencing at 1 o'clock, the following property: One team of work horses. One cow, will be fresh in May. One sow, bred to farrow in May.

And five shoats. One set of work harness, good as new.

Some alfalfa hay, corn and a few bushels of red Texas seed oats. Three dozen White Leghorn hens.

3-18-3t Harry Helliwell.

This Electric Curling Iron is so simple, so easy to use, always ready and effective, without danger of fire, that she wouldn't be without it.

She says she uses it more when traveling than at home and goodness knows she certainly uses it a lot at home.

No matter how perfect you make
pancakes and waffles—what you like best
is the syrup

DID you ever stop to think that what you taste most, and what you like best on your pancakes or hot biscuits or waffles—is the syrup?

In millions of households every morning Karo starts the day off for everybody. It gives just that finishing touch to the crisp brown cakes or the hot biscuits that make the meal a delight.

Karo is equally delicious for cooking, baking, candy making, or preserving. Many cooks use it to stew sweet potatoes, brown breads, muffins, coffee cake or puddings.

Do you know why Dextrose is very important food?

You cannot live very long without Dextrose, the great energy food. Most of the food you eat—such as bread, starchy vegetables and all forms of sugar—has to be changed into Dextrose before your system can use it as energy food.

© 1913 C.P.R.Co.

CORN PRODUCTS REFINING COMPANY
208 East Illinois Street, Chicago

Karo contains a very large percentage of Dextrose—which is the most perfect form in which sugar can come. So Karo may almost be said to be a predigested food. These are scientific facts, supported by the very highest medical and food authorities. Send for the free booklet mentioned below and read all the facts.

For your boys and girls to be strong and sturdy, give them plenty of nourishing Karo—on cakes or bread.

Your Protection

Do not be deceived by cans containing syrup that might look like Karo. The name "Karo" is on every can of original Karo—look for it and be assured of full weight cans and highest quality.

BLUE Karo

The standard table syrup. Also for cooking, baking and candy making. Light brown color, delicious flavor—a heavy-bodied syrup.

RED Karo

The ideal Syrup for every use—for cooking, baking, candy making and preserving. Because of its honey-like appearance many prefer it as a spread for cakes, biscuits, and breads.

GREEN Karo

Flavored with highest grade real maple sugar. Very moderate in price—absolutely pure. The makers of Karo are the world's largest users of the highest grade maple sugar—over a thousand tons used annually.

FREE A booklet every parent should read. Tells all about the wonderful food value of Karo; explains the meaning of Dextrose and why children thrive on it. Sent free with the beautifully illustrated Corn Products Cook Book of sixty-four pages. Write Corn Products Refining Company, Argo, Illinois.

SEED CORN—We have a wonder-
ful season at Mason City this
year for maturing seed corn
with the result that we have the
finest lot of well dried 1920 crop
of seed corn that we have ever
grown. This corn is gathered
early in the fall and placed on
drying racks when it is very
slowly dried down to twelve or
fourteen percent moisture con-
tent. This gives corn of very
high vitality. We have been in
the seed corn business in Iowa
for over thirteen years and
have the largest and best
equipped drying plant in the
world. Our down town plant
is in the center of Mason City,
right on the hard road between
Springfield and Peoria. It is
well worth a trip to Mason City
to see this corn. Price is only
\$3.50 per bushel. Write for
beautifully illustrated cata-
logue. Box 44.
W. T. AINSWORTH & SONS,

Eruptions of the Skin

Cause Tortuous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

So many people continue to suffer from eczema, tetter, and other forms of skin disease because they do not seek the source of their suffering and no disease can be successfully combated unless attacked at its source.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such This explains why disappoint-

ment comes from the use of lotions, salves, ointments and other local remedies.

S.S.S. has given great satisfaction in the treatment of these disorders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the germs that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, S22 Swift Laboratory, Atlanta, Ga.—Adv.

WEEKLY AMERICAN LEGION NEWS LETTER

A gain of forty-four posts of the American Legion and ninety-three units of its Women's Auxiliary was made during the week ending March 12. Missouri Department of the Legion led with five posts chartered and Massachusetts reported 12 and 11 new units, respectively, of the Auxiliary. There are now 10,272 Legion posts and 2,292 units of the Women's Auxiliary.

Architects for all parts of the country will be invited to submit designs and plans for the \$15,000,000 Indiana War Memorial building, which will house national headquarters of the American Legion. A fund of \$100,000 was granted by the Indiana legislature for prizes and expenses of the contest. The national institution of architecture will determine the winner of the first prize, \$50,000.

F. W. Galbraith, national commander of the American Legion, has ordered that the Kansas department of that organization to make a thorough investigation of the recent outrage at Great Bend, Kan., in which two organizers of the Non-Partisan League were tarred and feathered. Although the mob of residents of that vicinity included a number of ex-service men, there was no organized support from Legion posts, according to press correspondents. Colonel Galbraith ordered all Legion posts to refrain from interference with political activities of the Non-Partisan League several months ago.

The increased cost of railroad fare will not trouble the members of Superior, Wis., post of the American Legion, who will attend the next Legion state convention at Eau Claire in box cars. We traveled France in side door Pullmans and we believe that we prefer the Yankee type of box cars to riding the velvet at present prices," the Legionnaires said.

The California Department of the American Legion has received copies of a resolution adopted by the Central Labor Council, San Bernardino, Cal., recommending adequate appropriations for the bureau caring for disabled veterans, appropriations to build and maintain necessary hospitals and passage of the Rogers-Capper bill to consolidate the government bureau with the affairs of ex-service men, as endorsed by the Legion.

Graves of 150 Civil War veterans will be provided with markers by Kent Voyles Post of the American Legion at Elizabethtown, Ind. To raise funds for the undertaking the Legionnaires will give a banquet of "stump" prepared by former army cooks belonging to the post. Elizabethtown Legion members

ATTRACTIVE SPRING MILLINERY

1—This chapeau carries the ribbon trimming out into a fringe. 2—Fetching little sport hat made of canary colored straw, stitched with white wool. 3—Taffeta and straw make a fetching combination. 4—Of henna colored hemp is this little drooping "jeune fille" chapeau, with a wreath of golden brown roses. 5—This attractive "shirt-waist" hat of brown straw, is trimmed simply with a fringed ribbon.

bers are also backing a movement to establish a public library.

American Legion posts and the Home Service department of the Red Cross in Detroit have consolidated efforts under the name of the Service Men's Bureau, and will co-operate in the work of adjusting claims, hospitalization, education and War Risk insurance for ex-service men.

A special election will be held in Oregon to approve or reject the veteran's state bonus bill, prepared and backed by the Oregon Department of the American Legion.

Aroused by the greed of landlords in Shreveport, La., the local post of the American Legion has placed itself on record as opposed not only to the hardship placed upon renters living in homes and occupying office and business buildings owned by rent hogs, but as pledging its aid in seeking a remedy for the evil.

Nebraska American members are backing an endorsement bill in the state legislature, which provides that the state buy two million dollars worth of Liberty bonds and use interest thereon for sick and disabled ex-service men. The Nebraska legislature has forwarded a resolution urging the United States senate to pass the Fordney five-fold bonus bill, which is backed by the Legion.

Cleaning out cellars and building summer cottages are examples of temporary jobs which the St. Paul, Minn., employment bureau and Women's Auxiliary of the American Legion have obtained for more than six hundred unemployed veterans, after an appeal had been made to every employer and householder in that city. The average compensation for temporary employment is fifty cents an hour. Farmers near the Twin Cities are taking advantage of the opportunity to obtain ex-service men as farm hands and are paying from \$50 a month, with room and board, upwards.

Oklahoma boards of county commissioners are authorized to lease, rent or donate any room in their control for use of the American Legion, according to the terms of a bill passed by the state legislature.

More than 1,600 new members were obtained for the American Legion in Virginia during the last two months, in spite of unfavorable agricultural and industrial conditions.

Home made chocolates, fresh marshmallows and butter scotch are the popular pieces. Fresh every day at MERRIGAN'S

LAWYER PROFITEERING WILL NOT FIND FAVOR
Washington — Lawyer profiteering in connection with army desertion cases will not find favor at the War Department. An announcement by the Judge-Advocate General says rewards will not be paid to attorneys who advise deserter clients to surrender, then attempt to collect government rewards for apprehension of the soldiers.

"His claim," the army legal head declared in connection with a lawyer who had filed such a demand, "being incompatible with his duty to his client."

JAPAN CELEBRATED NOTABLE ANNIVERSARY
Tokio—Press advices from Ponnape say that the anniversary of the accession of Japan's first Emperor, Himmu, which Japanese history fixes as having occurred 2521 years ago, was celebrated in all the principal South Sea islands which have been placed under Japanese mandatory rule. Prizes were awarded the native children in games and the celebration concluded with the singing of the Japanese national anthem.

Reasons for Reo

CONFIDENCE: Giving the public their money's worth, has been REO'S policy for over 16 years —REO has the confidence of the public.

FINANCE: Because of the soundness of the REO policy—REO has grown to be the second strongest factory financially, in the automobile industry—REO owners know they are safe. There will always be REOS.

REO POWER: REO motors, axles, transmissions, and parts are REO built to REO standards, for REOS only—they are the best reasons for REO.

DEPRECIATION: Shifting types, changing models and uncertain policy are bound to depreciate value for the owner. REO transportation means slow depreciation for the owner.
